

THOMAS EVANSCHITZKY

PMP® · PMI-RMP® | Freelance Project Consultant

Uhingen, Germany | +49 151 11249473 | tevanschitzky@gmail.com | www.te-procon.com

PROFESSIONAL SUMMARY

Certified project management professional with 25+ years of experience in cost management, risk control and project execution on large CAPEX programmes. Holds both the PMP® and the PMI-RMP® — one of approximately 25,000 active PMI-RMP® holders worldwide — reflecting a focused specialisation in structured risk management on high-complexity projects.

Extensive experience on both the owner side and the EPC side of major capital projects, providing a dual perspective rarely available in a single consultant. Sectors covered include semiconductor manufacturing, pharmaceutical and life sciences, data centres, and renewable energy across Europe and Southeast Asia.

Proven capability in critical-situation leadership: taking ownership when projects face significant risk events, cost deviations or stakeholder conflicts, and delivering structured recoveries without permanent programme damage.

CORE COMPETENCIES

- | | |
|---|---|
| ■ Project Risk Management (PMI-RMP®) | ■ Cost Estimation & CAPEX Governance |
| ■ Project Controls (Cost, Schedule, Change) | ■ Contract & Commercial Management |
| ■ Owner's Engineer / Owner-Side Advisory | ■ EPC Project Controls & Delivery |
| ■ ISO Framework Implementation | ■ Cross-Cultural & International Leadership |
| ■ Critical Situation Leadership | ■ ESG & Sustainability Integration |
| ■ Stakeholder & Authority Management | ■ Claims Strategy & Dispute Avoidance |

PROFESSIONAL EXPERIENCE

Cost Consultant - Contract Management

Apr 2026 – Present

Exyte GmbH · Confidential Client · Dresden, Germany

- Cost consultant embedded with the Exyte project team on a €1.8bn semiconductor fab currently under construction in Dresden.
- Leading contract management activities including change order assessment, commercial risk evaluation, and cost reporting to project ownership.
- Supporting budget control, forecast reliability and claims strategy across EPC trade packages.

Project Consultant - Risk & Commercial Management

Aug 2025 – Mar 2026

Exyte GmbH · Confidential Client · Germany

- Risk Management lead for a €2.3bn pharmaceutical greenfield project, with focus on schedule reliability, quality assurance and GMP compliance.
- Evaluated financial uncertainties including claims potential, escalation risks, and commercial and schedule deviations.
- Improved schedule reliability and progress tracking through structured review processes and stakeholder reporting.

Associate Cost Manager

Mar 2025 – Aug 2025

Linesight · Germany

- Led commercial and cost governance for a €1bn+ pharmaceutical brownfield investment (Confidential Client, Frankfurt/Main).
- Assessed budget deviations, change orders, contractor performance and financial risks.
- Implemented reliability checks for monthly forecasts and cash-flow projections.

Overall Risk Manager - Semiconductor Campus Malaysia

Jul 2021 - Dec 2024

AT&S Austria Technologie & Systemtechnik AG · Malaysia

- Managed overall project risk exposure for AT&S's largest-ever investment — a €1.7bn semiconductor campus in Malaysia — covering currency risks, cost-to-complete and schedule reliability.
- Assessed and reported identified risks and opportunities; tracked mitigation measures and ensured confidentiality of sensitive commercial data.
- Implemented all five ISO management system standards (9001, 14001, 27001, 45001, 50001) — developing the policies, guidelines and compliance frameworks that enabled certification.
- Led critical task forces including a 14-day power shutdown during the qualification phase, coordinating recovery across engineering, commissioning and senior management without permanent schedule loss.
- Resolved compliance matters with authorities through proactive stakeholder engagement; project onboarded 1,000+ personnel and reached operational readiness on schedule.

Senior Project Controls Manager

2020 - 2021

Exyte GmbH · Germany / International

- Led project controls on high-complexity semiconductor and pharmaceutical EPC projects, responsible for cost, schedule and change management across international teams.

Corporate Project Risk Manager

2016 - 2020

OSRAM GmbH · Germany / Malaysia

- Led risk management for a pixelated headlamp development and industrialisation programme across teams in Regensburg and Penang; established structured risk processes adopted as standard practice.
- Refined corporate risk management tool and implemented comprehensive risk reporting providing transparency and actionable insights for project and executive decision-making.

Earlier Career

1996 - 2016

Head of Risk Management, BAUER AG (2020) · Corporate Risk Manager, M+W/Exyte (2014-2016) · Head of Cost Estimation, M+W Germany (2011-2014) · Commercial Project Manager, Imtech (2011) · Commercial Branch Officer, YIT/Caverion (2007-2011) · Head of Procurement, Michel GmbH (2000-2006) · Cost Estimator HVAC, Siegle+Eppe (1997-2000)

PROFESSIONAL ENGAGEMENT

Head of Community of Practice - Risk Management

Feb 2026 - Present

PMI Germany Chapter e.V. · Germany / International

- Leading the nationwide Community of Practice for professional risk management — developing knowledge-sharing formats, webinars and cross-industry collaboration.
- Strengthening international exchange with PMI chapters focused on RMP topics and high-complexity project risk.
